Dr Paul Chia, Consultant Dermatologist  
Raffles Skin & Aesthetics Centre, Raffles Hospital

Dr Paul Chia is a Dermatologist with special interests in Skin Cancers, Dermatological and Mohs Micrographic Surgery and Nail Disorders. He is also a visiting Mohs and Dermatologic Surgeon at the National Skin Centre. In 2011, he pursued a fellowship in dermatologic & Mohs micrographic surgery and skin cancer at Ninewells Hospital under the tutelage of Dr Colin Fleming (President, British Society for Dermatological Surgeons). He also underwent training in nail disorders and nail surgery under the mentorship of Professor Eckart Haneke in the Department of Dermatology, University Hospital Inselspital, University of Berne, Switzerland. He is a Fellow of both the American Society for Dermatologic Surgeons and the American Society for Mohs Surgery.

A/Prof José M. Mascaró Jr., Associate Professor of Dermatology, University of Barcelona  
Consultant, Department of Dermatology, Hospital Clínic de Barcelona, Spain

After obtaining his MD and general Dermatology training in Barcelona, Professor Mascaró completed a two-year research fellowship in Immunodermatology at the Department of Dermatology, Medical College of Wisconsin, Milwaukee, under the direction of Prof. Luis A. Diaz. He is also trained in Dermatopathology, and in 2004 he was granted with the Diploma in Dermatopathology by the International Board of Dermatopathology. He is in charge of the Dermatology inpatient unit, and is also responsible both for the Autoimmune Skin Diseases Clinic and Transplant Dermatology Clinic from the Department of Dermatology, Hospital Clínic de Barcelona. He is also part of the team of dermatopathologists in the Pathology Service of the Hospital Clinic of Barcelona where he is responsible for the cutaneous immunofluorescence lab. His main areas of interest and research are autoimmune skin diseases (bullous diseases and connective tissue diseases), cutaneous manifestations of transplant recipients (both solid organ and hematopoietic stem cell transplantation), and Dermatopathology (in the fields of inflammatory dermatoses, and immunofluorescence in particular). He is the author of more than 100 peer reviewed publications and a regular speaker at numerous national and international medical meetings.

Miss Pearl Lee, Nurse Manager  
Cancare Pte Ltd

With more than 17 years of nursing experience, Pearl is keen on patient safety and education especially in oncology. She has started and managed clinics, set up and administer patient adherence/assistance programs. Pearl holds Certificates in Negative Pressure Wound Therapy, Practical Counseling, Bachelor of Nursing from La Trobe University (Australia).
Dr Tan Kian Teo, Consultant Dermatologist
Skin Physicians

Dr Tan’s practice is based at Mount Elizabeth Medical Centre, and is currently visiting consultant to the National Skin Centre where he runs the Hair and Nail Clinic. Dr Tan treats general and aesthetic dermatological conditions, and sexually transmitted infections. An area of special interest is hair disorders. He received the Ministry of Health’s Health Manpower Development Program Fellowship in 2007 which allowed him to further his interest in this field. He was attached to the Royal Hallamshire Hospital in Sheffield, United Kingdom, from 2007 to 2008 where he conducted research and focused his training on hair disorders. In addition, he previously headed the Urticaria Clinic at the National Skin Centre. Dr Tan has conducted various research studies on chronic urticaria in the local context.

Dr Anthony Siow, Obstetrician /Gynaecologist /Laparoscopic Surgeon
ASC Clinic for Women

Anthony has a special interest in laparoscopic surgery and was awarded the Singapore Government Scholarship for Advanced Laparoscopic Surgery. He spent a year in Sydney Australia mastering the art of Laparoscopic Pelvic Floor Reconstruction and Severe Endometriosis Surgery. Following his return, Anthony became the Director of Minimally Invasive Surgery Centre at KK Hospital and spearheaded the KK Laparoscopic Fellowship Training Program. He has trained many specialists from Malaysia, Thailand, Brunei, Indonesia and Philippines in advanced laparoscopic surgery. His passion for teaching earned him the KK Hospital Outstanding Clinical Teacher Award in 2007. Anthony is the first gynaecologist in Singapore to perform Single Incision Laparoscopy. He is among the few in the region to have done more than 200 such cases and is frequently invited to teach and demonstrate Single Incision Laparoscopic Surgery.

Dr Stephanie Ho, Consultant Dermatologist
Stephanie Ho Dermatology

Dr Stephanie Ho is a British trained Dermatologist at Stephanie Ho Dermatology, Scotts Medical Center. She has 18 years of medical experience, having practised in Edinburgh, London, Hong Kong and Singapore. She completed her specialist training in London, and went on to hone her skills in lasers at Queen Mary Hospital in Hong Kong. She then moved back to Singapore and was a Consultant Dermatological Surgeon at the National Skin Centre with an interest in surgery and lasers before setting up her own private practice. Her keen interest in research has resulted in multiple publications in dermatology journals and book chapters, particularly on laser management of pigmentation, scars and ethnic skin.
